JUNE 12, 2009

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450
Sir:

An interview was conducted on June 10, 2009. During that interview, Applicant presented an overview of a main embodiment of the invention as described in the Specification. Applicant then went on to discuss a set of proposed draft amendments.

At the end of the interview, it was discovered that the Examiner and her supervisor believed the Office Action to be final. However, Applicant noted that there is no indication in the Office Action that the action is final. The Examiners suggested that Applicant file the proposed amendments in an After Final format. Applicant indicated a willingness to do so under the understanding that the amendments would be entered.

In the end, the Examiners agreed to consider the draft amendments and get back to Applicant during the week of June 15, 2009. The possibility of the allowing the case by way of Examiner Amendment was discussed.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
